

ROADMASTER

COMPOSITE TOE COMPOSITE PLATE

COMFORT AND PERFORMANCE
FROM A WORK BOOT

- Durable full-grain leather upper
 - Hardwearing TPU toe guard & heel support structure for added protection
 - Composite plastic toe cap and penetration resistant plate which is as strong as steel but much more lightweight, and also scanner safe
 - Padded foam collar and tongue for added comfort
- Strong rustproof non-metallic scanner safe hardware

- Fast wicking mesh lining for moisture management and comfort
- Removable contoured moulded insole
- PU high density midsole for long lasting support
- Durable high-traction slip-resistant rubber outsole with ladder grips – heat resistant to 300 c
- EN ISO 20345:2011 (SB) S3 HRO WR SRC
