# PROTECTIVE

THE POWER OF PROTECTION

Since 1967, the Hatch® name has been synonymous with the very finest in protective performance gloves for the law enforcement, tactical, military, medical and industrial safety markets. As part of Safariland®, our lineup is the most extensive in the industry, offering advanced designs for cut-resistance, cold weather, hard-knuckle protection, heat and flash resistance, and much more. With our full line of riot control gear including helmets and shields we can provide a one-stop-shop for your protective gear needs. We use only the finest leathers, along with synthetic and high-tech materials to ensure that our protective gear performs to the world's most uncompromising standards.

# GEAR

**SAVE 1704** On 10/31/2009 with only 30 days on the street and riding with her Field Training Officer, Officer Britt Sweeney was parked off the road near an intersection reviewing procedures after a traffic stop when a pickup pulled near. Without warning, the driver opened fire with a 223 rifle.

Multiple shots entered the passenger compartment of the police vehicle and Sweeney was hit and wounded and her FTO, Officer Tim Brenton, was killed. Officer Sweeney, though wounded with a hit to the head and one that deflected off the back of her ABA Armor, exited the cruiser and returned fire hitting the suspect's vehicle as it fled. She then radioed for assistance and reported the description and direction of flight of the fleeing felon. He was captured in a shootout several days later. The suspect was charged with the murder of Officer Brenton, the attempted murder of Officer Sweeney and an earlier firebombing of the Seattle city maintenance facility. Inside his apartment firearms, IED's, boobytraps and a barricade of tires were discovered.

**Officer Britt Sweeney**

# DETAILS MAKE THE DIFFERENCE

We concentrate on all the details. Our gloves go through a series of stringent quality control inspections prior to shipping from the factory.

## FEATURES

- **Ergo-Cut™:** This Hatch signature ergonomic cut conforms to the natural curvature of the hand so that you can remain relaxed without having to fight the glove. Those who try it for the first time truly experience the “wow factor.”
- **Extreme-Grip™:** Our Extreme-Grip reinforcement in the cradle area between the thumb and index finger provides a nonslip surface to enhance grip and weapon control.
- **ArmorTip™** puncture-resistant fingertips: This added measure of protection on our PPG1 glove is typical of the extra lengths Hatch goes to in providing the ultimate protection
- **Powershield X3®** liner: Comprised of Honeywell Spectra®, fiberglass and polyester fabrics
- **Patented Cut-Ring** allows optional removal of the index finger for trigger control without unraveling the remaining edge.
- The finest leathers such as sheepskin, goatskin and others assure the optimum comfort, durability and flexibility for the task at hand.
- Insulating materials such as, Thermolite™ and 3M™ Thinsulate™ assure breathability, provide warmth and moisture control for long-term comfort.
- Protective high-tech fabrics like Spectra®, KEVLAR®, NOMEX®, Dyneema® and Hipora® are selected to provide state-of-the-art protection from cuts, punctures, chemicals, heat and flames.
- The most advanced synthetic materials, including Lycra®, neoprene, Synsi-feel™ synthetic leather and spandex fabric, are employed to assure ultimate comfort, flexibility and wearability.
- Pound-for-pound, gloves made with Dyneema® fibers offer the highest degree of protection against cuts and provide the highest class of protection in EN 388 standards.

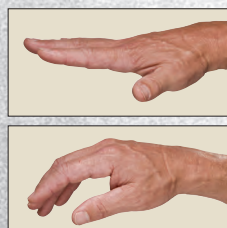

## HATCH CUT-RING

The Hatch patented Cut-Ring allows optional removal of the index finger for trigger control without unraveling the remaining edge.

## HATCH® SIGNATURE ERGO-CUT™

- **Floating-thumb design** offers greater dexterity and freedom of movement. In a traditional glove, the thumb and palm are cut out of the same pattern, limiting the movement and decreasing the dexterity of the thumb.
- Fingers are not flat. They are three dimensional. Fourchettes between the fingers enhance the natural contour of the glove for a better fit.
- Pinched fingertips for greater dexterity and tactility.
- Conforms to the natural curvature of the hand so you can remain relaxed without having to fight the glove.
- Doesn't fight the natural resting state of the hand. Prevents bunching of excess fabric and provides superior tactility.

## THE RESULT: GLOVES THAT ARE BETTER FITTING

**Unnatural:** Pulls tendons and skin; takes more energy for user to keep hands extended.

**Natural:** Gloves with Ergo-Cut allow the hand to remain in a naturally relaxed position allowing user to expend less energy and put less strain on tendons and skin.

## HATCH GLOVE TORTURE TESTS

Our many years of design and fabrication experience give us the confidence to put our gloves to the toughest independent tests in the industry. The end results of our extensive research, design, fabrication and testing are the products that allow you to perform with total confidence and precision.

All Hatch gloves are CE certified. Look for this logo:

## EN 388 TEST STANDARDS

The European Committee for Standardization (CEN) developed the mechanical risks standards for all personal protective equipment used in law enforcement and military applications. EN 388 rigorously tests protective gloves with regard to physical and mechanical aggression caused by abrasion, blade cut, puncture, and tear resistance.

# DUTY GLOVES

NS430

## **NS430** Specialist® All-Weather Neoprene Shooting/Duty

- Constructed of neoprene for comfort, flexibility and warmth
- Palm made of Synsi-feel™ synthetic leather for excellent grip and accurate feel
- Extreme-Grip™ sewn onto palm and fingertips for maximum grip
- Hook and loop closure keeps the glove firmly in place
- Sizes S-XXL

## **CT250** CoolTac™ Police Duty

- Lightweight glove designed for officers who work in warmer climates; offers excellent breathability and comfort
- 3-D knit spacer fabric on back for shock absorption and 100% unrestricted airflow for a cooling effect
- Palm is constructed of ultra-thin leather for dexterity
- Extreme-Grip™ provides weapon control and reinforcement of wear area
- Features the Hatch Signature Ergo-Cut™ for excellent fit
- Hook and loop closure
- Sizes S-XXL

## **HK9100** Handler™

- Designed for managing canines while on duty and ideal for equestrian use
- Durable, abrasion-resistant aniline goatskin
- Patented Cut-Ring stitching allows optional removal of the index finger for trigger control, without unraveling the remaining edge
- High-density foam for finger protection
- Exclusive lateral finger protection and extra leash-strap protection on the palm
- Spandex back
- Absorbent terry cloth thumb for sweat removal
- Sure-Grip™ patches sewn on bias help prevent wear
- Hook and loop closure keeps glove firmly in place
- Sizes S-XXL

PATENTED

### SG20P Dura-Thin™ Police Search Duty

- Unlined and constructed from soft, durable premium leather that is cut "second-skin" thin for superior feel and dexterity while shooting, searching, handcuffing or driving
- Wrist-length elasticized cuff provides a snug fit and will not interfere with jacket or shirt cuff
- Sizes S-XXL

# SG20P

**LIQUICELL®**

### FLG250 ShearStop™ Full-Finger Cycle

- LiquiCell® technology significantly absorbs shock and provides superior comfort and performance
- Strategically placed grip pads for control
- Terry cloth thumb for sweat removal
- Lycra® back for exceptional fit
- Neoprene hook and loop closure
- Sizes S-XXL

### HLG250 ShearStop™ Half-Finger Cycle

- Same features as the FLG250
- Sewn-in loops for easy removal
- Sizes S-XXL

### PC290 Lycra® Cycling

- Comfortable fitting with a sure grip and great control
- Synthetic leather palm with foam padding provide grip and help reduce vibration and trauma to the hand and wrist
- Lycra® back and hook and loop wrist closure provides a snug yet forgiving fit
- Absorbent terry cloth on the back of the thumb to wipe away perspiration
- Sizes S-XXL

# COLD DUTY GLOVES

APG30

## APG30 Arctic Patrol™

- Constructed of a breathable, waterproof Hipora® liner, dual density polyester microfiber insulation and water-resistant 100% polyester shell
- A polyester lining provides additional warmth and comfort
- Rubberized Sure-Grip™ palm with “trigger control” index finger provides grip and control for use with a firearm
- Sizes S-XXL

## EWS530 Elite Winter Specialist®

- 100% nylon back with goatskin palm for durability and dexterity
- Thin microfiber insulation lining for warmth; wicking action pulls perspiration from hand to prevent the loss of body heat
- Lycra® wrist cuff for a snug fit keeps out cold weather
- Extreme-Grip™ nonskid material for enhanced weapon control
- Adjustable hook and loop closure on outer shell helps to keep out debris
- Sizes S-XXL

## MG100 Mitten Re-Trak™

- For particularly harsh elements, the Mitten Re-Trak™ glove is warm, comfortable and versatile
- Convert to the half-finger glove for a full touch and dexterity by flipping back the finger cover
- Lightweight C-100 Thinsulate™ insulation breathes and keeps hand warm even in damp conditions
- Tight elasticized cuff keeps out wind and snow
- Polyester microfleece shell
- Sizes S-XXL

*"...thank you for a very special product. The vest I was issued by our department saved my life. I knew the greatness of it during gunfire and shots involved, but had no idea its use would protect me the way it did. My unit was struck in the rear by a drunk driver, slamming me into the steering wheel. At the hospital, I overheard a doctor tell someone 'it's good he had his vest on, it saved him from serious chest trauma.' Again, let me thank you for making the best vest in the world."*

—Deputy R. Martin  
Louisiana

**Thinsulate**  
INSULATION

## WPG100 Winter Patrol

- Made with soft goatskin leather
- Digitized print in the palm increases surface area to allow for a better grip
- C70 Thinsulate™ insulation with a soft brushed tricot inner liner
- Leather cinch strap provides a snug fit to block out cold
- Sizes S-XXL

## NS430L Winter Specialist® All-Weather Neoprene Shooting/Duty

- Palm made of Synsi-feel™ synthetic leather provides excellent grip and accurate feel
- Extreme-Grip™ sewn onto the palm and fingertips (except the index finger) to facilitate trigger control
- Dual inner lining of 3M Thinsulate™ insulation and breathable, waterproof Hipora® work together to keep the hand warm and dry
- Hook and loop closure provides a snug fit
- Sizes S-XXL

## CUL100 Culminator™ Winter **NEW**

- This soft, goatskin leather glove is designed to wear as an outer glove as part of a modular system
- Design allows for wear of a lighter weight glove underneath with the ability to easily remove the outer glove quickly for shooting and sporting activities
- Features a leather carabiner loop attached midway down the middle finger of the glove
- Dual inner linings of Thinsulate™ insulation and breathable, waterproof Hipora® work together to keep hands warm and dry
- FLEX™ design stitching allows for greater movement
- Extended wrist with hook and loop closure for a secure fit
- Sizes S-XXL

# POSTAL GLOVES

## **RDP55** Super Dot™

- Knit fabric for warmth
- PVC dots cover palm area for great grip
- Tight, elasticized cuff keeps out wind
- Sizes S-XXL

## **SDP30** Half-Finger Super Dot™

- Half-finger design offers greater dexterity and accurate feel
- PVC dots cover palm area for great grip
- Tight, elasticized cuff keeps out wind
- Sizes S/M, L/XL

# TRAFFIC GLOVES

## **DNR100** DayNite™ Reflective

- Constructed of black Lycra® with patches of a retro-reflective microprism material with cube-corner prisms, three times more efficient at reflecting light than glass bead systems
- Allows the wearer to be seen by motorists at the critical viewing distances of 100 to 600 feet
- The stretchable Lycra® fabric allows the DayNite™ glove to be worn alone or over virtually any other glove
- Hold palm outward to reveal the red STOP signal, and use the yellow-green markers on outside of hand to direct traffic onward
- Sizes S/M, L/XXL

## **RTG100** Reflective Traffic

- Constructed of fluorescent cotton jersey fabric
- 3M™ reflective strips around the circumference shine back at oncoming traffic, allowing others to read your hand signals clearly
- Sizes S-XXL

## **WG1000S** White Cotton Parade

- For special occasions and formal events in either law enforcement or military engagements, as well as for directing traffic or crowds
- Constructed of 100% medium-weight cotton
- Snap cuff design
- Sizes S-XL

## RHK25 Reactor™ Hard Knuckle

- Knuckles are covered with .7 mm-.8 mm aniline goatskin leather
- Knuckles formed from hard polymer for excellent protection
- Additional leather, foam and padding to protect the top of the knuckles
- Additional anti-slip synthetic material across the meaty portion of the palm and base of the fingers
- Leather covered hard knuckle reduce noise
- The design tapers up the outside wrist to protect this sensitive area
- Sizes S-XXL

## LR25 Reactor™

- Designed for rappelling tactical entry and shooting. It is also, excellent for disturbance control operations
- Thick foam padding on the back is ergonomically split to improve dexterity
- Tested leather construction makes them extremely strong and durable
- An additional layer of leather in the palm provides added protection during rapid rappels, and unpadded index finger allows maximum trigger control
- Hook and loop wrist closure ensures a snug, comfortable fit
- Sizes S-XXL

## LR10 Reactor™ 3/4 Finger

- Same features as the full-finger version above
- Allows for maximum control and sensitivity when greater tactility is required
- Sizes S-XXL

## BFR10 Fast Rope/SWAT Rescue

- Soft, yet extremely durable goatskin leather construction provides a comfortable fit and substantial protection
- The palm has two extra layers of leather that wrap around into the cradle area of the hand and thumb to increase grip and to withstand the stresses of rapid rappels
- Elasticized wrist
- Sizes S-XXL

# RIOT CONTROL GLOVES

## **MP100** Defender™ MP

- High-density EVA foam padding for knuckles, fingers and forearm protection
- 100% goatskin leather with water-repellant finish
- Hatch® signature Ergo-Cut™ in palm for superior fit and maximum dexterity
- Elasticized wrist
- Hook and loop closures keep glove taut
- Index finger is left unpadded for trigger control
- Sizes S-XXL

PATENTED

## **SP100** Defender™ II with Steel Shot

- Double-layered goatskin palm for extreme durability; the most advanced, weighted defense glove available
- Spandex back, Ergo-Cut™ design, double-layered goatskin palm, and hook and loop closures offer a comfortable fit and grip
- Each finger is foam-padded for protection, while 4 oz. of steel shot in each knuckle area stops aggressors in their tracks
- Spandex fabric allows for freedom of movement
- Hook and loop closures help keep glove taut
- Sizes S-XXL

Not available for sale in some states. Check local city and state laws pertaining to SAP Gloves.

# IMPACTOR™ FIGHTING SHIELD

New tools for controlling combative or uncontrollable subjects are rare. Now Hatch offers the Impactor Fighting Shield, ideal for use in close-quarter situations or where de-escalation of force is warranted. This versatile arm shield protects the forearm while allowing for offensive and defensive engagement and for close-range deployment of OC Spray. Use alone or in conjunction with a baton. Excellent for blocking, front jab, middle block or reverse jab to subdue and control suspects.

**IMPACTOR™**  
Fighting Shield

**NEW**

## MODEL 5500 Impactor™ Fighting Shield

- Polycarbonate impact-resistant shell that will not warp or crack
- Design allows use of OC Spray in conjunction with blocking techniques; securely holds Defense Technology® MK-3/MK-4 OC Spray (See page 216)
- Control slot for baton or for trapping suspect's wrist or forearm
- Ribbed design adds strength while reducing shield weight and permits the addition of identification
- Convex shape allows the officer to retain shield by rotating shield over suspect's wrist if necessary
- Stand-off between padded arm straps absorb and dissipate impact; strap may be adjusted for a custom fit
- Ambidextrous
- Tactical training available through Safariland Training Group
- Ideal for use in the following environments:
  - First Responders: Sheriff's Department, Corrections, Hospitals, Jails, etc.
  - Sensitive Environments: Hospitals, Schools, Colleges, Mental Wards, ER, etc.
- Optional ID labels available separately

# EXOTECH® HARD SHELL RIOT CONTROL SYSTEM

For hard-shell protection without sacrificing mobility. The cost-effective, lightweight ExoTech® System can be quickly donned or doffed with ease for rapid riot control response.

- The back panel features attachment points to accommodate the HUEX100 Hydration System
- Provides substantial protection from blunt force trauma
- Contour molded polyethylene outer shell features impact ridges that disperse the brunt of the blows
- EVA foam inner padding cushions the body
- Soft brushed tricot and mesh lines the inside to reduce abrasion and provide long-term comfort
- Each piece of the ExoTech system fastens and adjusts quickly with durable polypropylene and elastic straps with hook and loop closures, allowing a custom fit for a wide variety of body types

## ECB100 Upper Body/Shoulder

- Polyethylene outer shell
- L2500 EVA foam & 3 mm polyethylene plate chest/back/arm padding
- EVA foam & polyethylene plate shoulder padding
- Sponge foam & polyester tricot chest/back/shoulder lining
- Mesh chest/back/shoulder outer covering
- Mesh arm protector lining
- Moisture-wicking fabric for comfort
- Double riveted polypropylene connector straps and hook and loop fasteners
- Commercial-grade elastic adjustment straps with hook and loop fasteners
- Optional reflective POLICE, SHERIFF or CORRECTIONS labels are available and can be affixed to the front of the system. See page 199
- Sizes S, M, L, XL

## SIZING

Proper sizing for the ExoTech System must be obtained from the following series of measurements and information. Please contact your authorized Hatch distributor to complete an ExoTech Sizing Form.

- Chest circumference
- Waist circumference
- Thigh circumference
- Forearm (wrist to elbow) circumference
- Knee to ankle length

### EXOTECH - ECB100

Sizes	Measured by chest size
Small – 3511	37" - 41" (94-104 cm)
Medium – 3512	41" - 45" (104-114 cm)
Large – 3510	45" - 51" (114-130 cm)
XLarge – 3513	51" - 58" (130-147 cm)

### Elbow & Forearm - EFP150

XS / Small – 3517	14" wrist to elbow (35.6 cm)
Medium / Large – 3518	15" wrist to elbow (38.1 cm)
XLarge / XXL – 3519	16" wrist to elbow (40.6 cm)

### Shin Guard - TS70 (knee to ankle measurement)

XS / Small – 3514	13.5" - 15.5" (34.3 - 39.4 cm)
Medium / Large – 3515	15.0" - 17.0" (38.1 - 43.2 cm)
XLarge / XXL – 3516	16.5" - 19.0" (41.9 - 48.3 cm)

### Thigh / Groin - ETP200 & TPX200

XS / Small – 3520/3802	26" - 34" (66 - 86.4 cm)
Medium / Large – 3521/3801	34" - 38" (86.4 - 96.5 cm)
XLarge / XXL – 3522/3803	38" - 44" (96.5 - 111.8 cm)

### TS70 Hard-Shell Shin Guard

- PVC knee cap
- EVA foam knee padding
- 600-denier black polyester outer covering
- Tricot & sponge knee and foot protector inner lining
- Polyethylene knee and foot protector outer shell
- PVC padded suspension braces
- Polyester adjusters with hook and loop fasteners
- Adjustable/removable foot protector
- Padded ankle protector
- All components are riveted to outer shell with hook and loop fasteners
- Sizes XS/S, M/L, XL/XXL

### ETP200 Thigh & Groin Sections

#### Thigh Section

- Polyethylene outer shell
- Laminated EVA foam & L2500 EVA foam
- Mesh inner lining
- 150-denier polyester outer covering
- Elastic adjusters with hook and loop fasteners
- Sizes XS/S, M/L, XL/XXL

#### Groin Section

- EVA foam padding with mesh outer covering
- Inner polyethylene shell
- Commercial-grade elastic adjusters and connectors

### EFP150 Forearm

- Polyethylene outer shell
- EVA foam & polyurethane sponge padding
- Mesh inner lining
- 420-denier nylon outer covering
- Commercial-grade adjusters with hook and loop fasteners
- Sizes XS/S, M/L, XL/XXL

### E4 ExoTech® Carry Bag

- Designed to carry and store the ExoTech riot suit
- Constructed of 1000-denier Cordura® nylon
- Nylon web carry handles are on both sides and ends
- Features a separate helmet section
- Padded shoulder strap
- Weight: 8 lbs.
- Dimensions: 40"L x 15"W x 16"H (102 cm x 38 cm x 41 cm)
  - Large interior compartment: 26"L x 15"W x 16"H (66 cm x 38 cm x 41 cm)
  - Small interior compartment: 14"L x 15"W x 16"H (36 cm x 38 cm x 41 cm)

# CENTURION™ SOFT SHELL RIOT CONTROL SYSTEM

This protective piece is a must for riot control and cell extractions, effectively protecting the torso and shoulders from blunt force trauma. The lightweight, cellular pad design provides ample protection and allows excellent mobility. Includes attachment points for our HUEX100 Hydration System.

## SIZING

### CENTURION™ - CPX2500

Sizes	Measured by chest size
Small – 3820	37" - 41" (94-104 cm)
Medium – 3821	41" - 45" (104-114 cm)
Large – 3822	45" - 51" (114-130 cm)
XLarge – 3823	51" - 58" (130-147 cm)

## OPTIONAL REFLECTIVE LABELS

**POLICE**

**SHERIFF**

**CORRECTIONS**

**6595** Police

**6596** Sheriff

**6597** Corrections

- Hook and loop compatible
- Dimensions: 3" W x 8 11/16" L x 1/8" D (7.6 cm x 22.1 cm x .3 cm)
- Not shown: State (6772)

## CPX2500 Centurion™ Upper Body and Shoulder Protection

- Torso protection consists of durable EVA foam with 7 mm sponge foam on the interior for comfort
- Shoulder pad features hard-shell plastic plates with durable foam padding
- The neck roll consists of 40 mm high-density sponge foam
- All padding is encased in black polyester mesh rigging. The interior is coated with polyester brushed tricot for comfort
- Adjustable shoulder straps, waist straps and contoured design allow a secure fit comfortable enough for long-term wear
- Will safely absorb blows delivered from blunt objects, but does not provide ballistic protection
- Adjustable hook and loop closures and fasteners
- Weighs approximately 2 lbs. (.9 kg) and packaged in a nylon drawstring bag for convenient storage
- Optional reflective POLICE, SHERIFF, or CORRECTIONS labels are available and can be affixed to the front or rear of the system (see page 199)
- Dimensions: 8 11/16" L x 3"W x 1/8"H (22.1 cm x 7.6 cm x 0.3 cm)
- Sizes S, M, L, XL

## TS70 Hard-Shell Shin Guard

- Hard polyethylene shells with interior leg-brace support can safely withstand a substantial blow to the leg from non-ballistic weapons or flying debris
- Includes adjustable, removable foot protector
- Non-reflective outer surface
- Built-in knee pad and upper knee stabilizing strap with protective padding
- Padded outer ankle protector
- Three hook and loop elastic straps on the backside of the leg to provide a secure fit
- Packed in a nylon gear bag for storage
- Sizes XS/S, M/L, XL/XXL

### Shin Guard - TS70 (knee to ankle measurement)

XS / Small – 3514	13.5" - 15.5" (34.3 - 39.4 cm)
Medium / Large – 3515	15.0" - 17.0" (38.1 - 43.2 cm)
XLarge / XXLarge – 3516	16.5" - 19.0" (41.9 - 48.3 cm)

## GP300 Centurion™ Groin Protector

- Hook and loop fasteners provide groin protection without hindering mobility
- Construction consists of durable EVA foam pads with sponge foam covering on the inside for comfort and surrounded by a black polyester mesh rigging
- Fastens easily to the CPX2500 with 1" elastic and non-elastic straps
- Weight: 8 oz.
- One size fits all

## TPX200 Centurion™ Thigh/Groin Protection System

- Specifically designed for blunt trauma protection during riot control situations
- Multilayer protective design with 420-denier outer fabric covers hip and thigh areas and has an adjustable and removable groin protector
- Provides excellent shock-absorbing protection, and is flexible and comfortable
- Four-inch elastic with hook and loop wrap around thigh for secure attachment and a web belt secures the system to the waist
- Sizes XS/S, M/L, XL/XXL

### KS19 Protective Sleeves with KEVLAR®

- 2-ply, 7 oz. 100% KEVLAR® and resists bites, scratches or cuts from sharp objects
- Design provides a moderate amount of heat, flash and cut protection
- Excellent for deploying flash bangs
- This sleeve is very light, breathable and will not restrict movement
- Sold in pairs
- 19" in length (47.5 cm)
- One size fits all

### HUEX100 Hydration System

- Includes bladder and carrier
- High-quality, odorless bladder
- 70 oz. capacity
- Features the Bite Me™ revolutionary flow control valve for 360° activation and leak-free operation
- Woven fabric carrier of 600-denier polyester with attachment points
- Works with the Hatch CPX2500 and ECB100 riot control systems

### KNP100 Centurion™ Neck Protector with KEVLAR®

- Offers protection for your throat, neck and larynx; designed to be worn with the Centurion™ and / or ExoTech® riot suits
- Design provides heat, flash and cut protection
- Comfortable stretch knit construction with double-layer thickness
- Constructed of 100% KEVLAR® fabric
- 7 3/4" (19.7 cm ) high for full neck protection
- One size fits all

### FP100 Centurion™ Forearm Protectors

- Works with the CPX2500 by shielding the entire forearm from the wrist to the elbow (where the CPX shoulder pads end) from blunt force trauma
- Construction consists of durable EVA foam covered by a hard-shell plastic plate encased in black nylon rigging
- Interior is coated with polyester brushed tricot for comfort
- Adjustable 2" wide (5.1 cm) elastic straps with hook and loop fasteners provide a secure fit
- Sold in pairs and weigh approximately 6 oz. each
- One size fits all

# SHIELDS

- All shields meet ASTM D3763 and ASTM D1929 standards
- Shields are shipped disassembled
- Optional decals are available as shown below

## 2036H/2448H Peacekeeper Shield

- Constructed of 4 mm shatter-resistant polycarbonate
- Lightweight
- Ambidextrous
- Weight: 6 lbs., 6.8 lbs.

### Triangle Handle

2036H: 20" x 36" (50.8 cm x 91.4 cm)  
2448H: 24" x 48" (60.9 cm x 121.9 cm)

OPTIONAL POLICE  
DECAL SHOWN

## 2036C/2448C Peacekeeper II Shield

- Constructed of 4 mm shatter-resistant polycarbonate
- Lightweight
- Ambidextrous if rotated 180°
- Comfort-molded cradle handle features high-density foam for comfort and strength
- Weight: 6 lbs., 6.8 lbs.

### Comfort-Molded Handle

2036C: 20" x 36" (50.8 cm x 91.4 cm)  
2448C: 24" x 48" (60.9 cm x 121.9 cm)

OPTIONAL SHERIFF  
DECAL SHOWN

## 2448E Capture Shield

- Constructed of 4 mm shatter-resistant polycarbonate
- Ambidextrous
- Features a convex design to restrain an attacker against a vertical structure without excessive force
- Weight: 8.5 lbs.

### Capture Handle

2448E: 24" x 48" (60.9 cm x 121.9 cm)

## H7000/7001/7002/7003 Shield Decals

- Premium outdoor-quality vinyl
- Silkscreen printed
- Fade-resistant
- White lettering with black background (as shown)
- Dimensions: 5" W X 23" L (12.7 cm x 58.4 cm)
- Available in:
  - POLICE (H7000)
  - SHERIFF (H7001)
  - CORRECTIONS (H7002)
  - POLICÍA (H7003)

# KNEE/ELBOW PADS

## XTAK100/300/400/500 XTAK™ Knee Pads

- Extremely light and flexible with superior protection and shock absorption with the flexibility to move the way your body moves
- Unique X-shaped thermal plastic urethane (TPU) shell
- EVA high-density foam for superior shock absorption
- Lightweight TPU and Cordura® nylon construction
- Forceful spring-back action that gives you the protection you need
- Cool Max® inner surface for wicking moisture away
- Anti-skid inner surface to keep pad secured
- Spandex adjustable straps with Hatch Rapid Deployment Clips and hook and loop closure for secure fit
- One size fits all

BLACK	DIGITIZED CAMO	OD	COYOTE
XTAK100	XTAK300	XTAK400	XTAK500

## XTAK150/350/450/550 XTAK™ Elbow Pads

- Elbow pads with the identical features listed above
- Elbow attachment features comfortable neoprene back with adjustable hook and loop and other features
- Stretch neoprene attachment straps with hook and loop closure
- One size fits all

BLACK	DIGITIZED CAMO	OD	COYOTE
XTAK150	XTAK350	XTAK450	XTAK550

## EP300 Centurion™ Elbow Pads

- Elbow pads with all of the identical features as the KP250

## KP250 Centurion™ Knee Pads

- Half inch, high-density foam covered in durable Cordura® nylon
- Polyurethane thermoplastic nonslip caps fastened with color-keyed grommets provide additional shock absorption and ensure long-lasting wear
- Dual hook and loop fastened 1.5" wide (3.8 cm) elastic straps with reinforced bar tacking provide a comfortable and secure fit for all sizes
- Hatch Rapid Deployment Clips for quick don and doff
- One size fits all

BLACK

- One size fits all

# TACTICAL HELMETS

Hatch non-ballistic tactical helmets offer the critical features and protection required by response teams today. They meet or exceed the NIJ 0104.02 (Riot) and NIJ 0105.01 (Crash) standards. All models have the following features:

**Sizing Note:** Be sure to measure head circumference to ensure proper helmet size

- Non-ballistic materials, lightweight construction for comfort
- Expanded polystyrene liner for added protection
- Three shell sizes: S/M - 6 1/2" - 7 3/8"; L/XL - 7 1/2" - 7 3/4"; Jumbo - 7 7/8" - 8 1/4"
- Choice of Sizing Strips or Combi Fit Pad System (except TR-I)
- All models with tactical face shield include liquid seal protection
- Available in flat black or flat navy
- Optional accessories available

TR2200

## TR2000/2001 FG Helmet – Half Shell

## TR2200/2201 FG Helmet – Half Shell with Brim

- Molded fiberglass/KEVLAR®-reinforced shell
- New Echo® quick-release buckle
- High-retention strap system with soft flexible chin cup
- Washable, removable Hydrofil® Dri-Lex® fabric liner and Aero-Spacer® insert for moisture wicking and air flow
- Includes 3 mm polycarbonate face shield
- Choose Sizing Strips (TR2000/TR2200) or Combi Fit Pads (TR2001/TR2201)
- Available with gridded face shield (TR2000GRD/TR2001GRD/TR2200GRD/TR2201GRD)
- Weight: 2.8 lbs.

## TR-I PC Helmet – Half Shell

- Basic, value priced non ballistic model
- Injection molded polycarbonate shell
- Retention system with high-tensile strength steel chrome plated D-ring
- Permanently mounted injection-molded neck protector with high-density foam padding for added protection
- Combi Fit Pad System
- Weight: 3.1 lbs.

SWAT2000GRD

## SWAT2000/2001 FG Helmet - Full Shell with Brim

- Molded fiberglass/KEVLAR®-reinforced shell
- Quick release buckle with high retention strap system with soft flexible chin cup
- Injection-molded neck protector with high density foam padding for added comfort
- Washable, removable Hydrofil® Dri-Lex® fabric liner and Aero-Spacer® insert for moisture wicking and air flow
- Includes 4mm polycarbonate face shield
- Choose Sizing Strips (SWAT2000) or Combi Fit Pads (SWAT2001)
- Available with gridded face shield (SWAT2000GRD/SWAT2001GRD)
- Weight: 3.7 lbs.

TR1000

### TR1000/1001 PC Helmet – Half Shell

- Injection molded polycarbonate shell
- New Echo® quick-release buckle
- High-retention strap system with soft flexible chin cup
- Washable, removable Hydrofil® Dri-Lex® fabric liner and Aero-Spacer® insert for moisture wicking and air flow
- Injection-molded neck protector with high density foam padding for added comfort
- Choose Sizing Strips (TR1000) or Combi Fit Pads (TR1001)
- Available with gridded face shield (TR1000GRD/TR1001GRD)
- Weight: 3.1 lbs.

DOT3000

### DOT3000/3001 FG Vehicular Patrol Helmet

- Lightweight, molded fiberglass/KEVLAR®-reinforced shell
- Expanded polystyrene liner for added protection
- Y-harness retention system with Echo™ quick-release buckle and nape strap for stability
- Snap-on visor or patent leather visor
- Washable, removable Hydrofil® Dri-Lex® fabric liner and Aero-Spacer® insert for moisture wicking and air flow
- Available vented (3000V/3001V) or non-vented (3000/3001)
- Meets FMVSS-218 DOT
- Weight: 2.4 lbs.

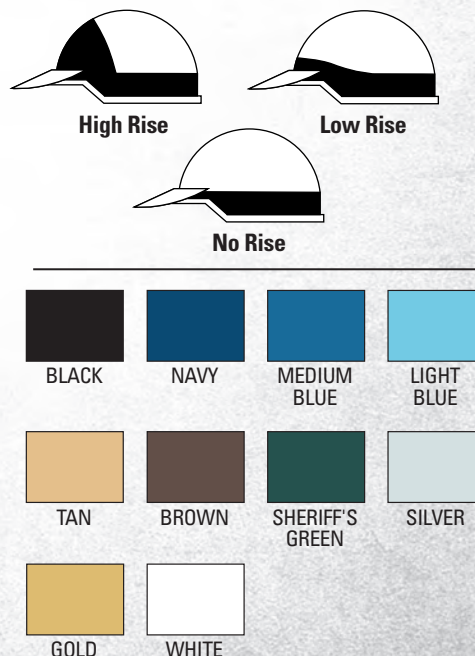

FD2000

### FD2000/2001 FG Full Dress Duty Helmet

- Lightweight, molded fiberglass/KEVLAR®-reinforced shell
- Expanded polystyrene liner for added protection
- Y-harness retention system with Echo™ quick-release buckle and nape strap for stability
- Molded integral visor
- Choose Sizing Strips (FD2000) or Combi Fit Pads (FD2001)
- Weight: 2.5 lbs.

### FD2000 AND DOT3000 HELMET RISE AND COLOR OFFERINGS

# BAGS

## G3 Giant SWAT Bag

- Construction consists of a 600-denier, water-resistant polyester shell with PVC backing and heavy-duty reinforced handles and straps
- Nylon web carry handles are on both the sides and ends
- The G3 may be worn as a backpack using the 2"-wide (5 cm) padded adjustable straps affixed to the bottom
- The exterior features two zippered mesh end pockets and a total of five clear vinyl map/document pockets on the top and sides
- The interior has four expandable zippered mesh pockets, four zippered pockets and one zippered pouch with padded walls for fragile gear
- Weight: 5.5 lbs.
- Dimensions: 41.5"L x 14"W x 12"H (105.4 cm x 36 cm x 35.5 cm)  
Interior compartment: 12"L x 7"W x 6"H (30.48 cm x 17.78 cm x 15.24 cm)

## D1 Patrol Duty Bag

- Constructed of 840-denier, water-resistant nylon with PVC backing with heavy-duty zippers and removable nylon web shoulder strap
- The spacious interior compartment has an adjustable divider and removable rigid bottom, two zippered cargo pockets and six pen/pencil pockets
- The exterior features two zippered cargo pockets, two flip-top pockets and three open-top pockets
- Hook and loop straps on the padded top can secure a baton or flashlight
- Weight: 3.85 lbs.
- Dimensions: 25"L x 10"W x 12"H (63.5 cm x 25.5 cm x 30.5 cm)  
Interior compartment: 18"L x 8"W x 12"H (45.7 cm x 20.3 cm x 30.5 cm)

D1 (BLUE)

## A6 Munitions Bag

- Designed to organize a 37/40mm launcher and plenty of munitions
- Features two clear vinyl document pockets (one interior, one exterior) and several large exterior zipper pouches for additional gear
- Constructed of durable 1000-denier Cordura® nylon and heavy-duty hardware with two molded rubber carry handles
- 2"-wide wide padded nylon shoulder straps allow the A6 to be carried as a backpack and stowed away when not in use
- Durable 600-denier polyester and 420-denier nylon inside with PVC binding
- Weight: 3 lbs.
- Dimensions: 38" L x 18 1/2" W x 4" H (86.4 cm x 47 cm x 10.2 cm)
  - Large exterior compartment: 34" L x 9.5" W x 3.5" H (86.4 cm x 24.1 cm x 8.9 cm)
  - Small exterior compartment: 16 3/4" L x 7" W x 3.5" H (42.6 cm x 17.8 cm x 8.9 cm)

## M2 Mission Specific Gear Bag

- Designed to carry riot or SWAT gear and includes a separate helmet storage area
- Constructed of 1000-denier water-resistant Cordura® nylon
- Heavy-duty zippers and removable nylon web shoulder strap
- Removable rigid bottom in the main compartment and padded exterior walls in the helmet compartment
- Three zippered cargo pockets and two zippered mesh pockets on the exterior hold a wide variety of items
- Nylon web carry handles are on both the sides and ends
- Hook and loop straps on the padded top can secure a baton or flashlight
- Weight: 5.5 lbs.
- Dimensions: 34"L x 13"W x 12"H (86.4 cm x 33 cm x 30.5 cm)
  - Large interior compartment: 20"L x 12"W x 12"H (50.8 cm x 30.5 cm x 30.5 cm)
  - Small interior compartment: 14"L x 12"W x 12"H (36 cm x 30.5 cm x 30.5 cm)

## E4 ExoTech® Carry Bag

- Designed to carry and store the ExoTech riot suit
- Constructed of 1000-denier Cordura® nylon
- Nylon web carry handles are on both sides and ends
- Features a separate helmet section
- Padded shoulder strap
- Weight: 8 lbs.
- Dimensions: 40"L x 15"W x 16"H (102 cm x 38 cm x 41 cm)
  - Large interior compartment: 26"L x 15"W x 16"H (66 cm x 38 cm x 41 cm)
  - Small interior compartment: 14"L x 15"W x 16"H (36 cm x 38 cm x 41 cm)

# HATCH SIZING

## GLOVE SIZING

Use one of these methods to find your approximate glove size. Remember, no two hands are alike. Finger length relative to palm size is not consistent from person to person. Additionally, what constitutes a comfortable fit can vary considerably between individuals. Using one of the methods below will help you to find an approximate glove size, but no method of measurement can substitute for actually trying them on.

### 1 USING A TAPE MEASURE AND THE SIZING GUIDE

This is the more accurate of the two measurement techniques shown here.

#### SIZE CHART

MEASUREMENT	In. Measurement	GLOVE SIZE	U.S. Sizing	European Sizing
	6" (15.2 cm)		X-SMALL	6
	7" (17.8 cm)		SMALL	7
	8" (20 cm)		MEDIUM	8
	9" (23 cm)		LARGE	9
	10" (25 cm)		X-LARGE	10
	11" (28 cm)		XX-LARGE	11
	12" (30.5 cm)		XXX-LARGE	12

Wrap a tape measure around your hand at the widest point (usually the knuckles) and make a loose fist. Note that measurement, round it to the nearest inch and refer to the chart above to find your approximate glove size.

### 2 USING THE SIZING GAUGE

Place your right hand with the side of your index finger against the red line.

	6 (15.2)	7 (17.8)	8 (20)	9 (23)	10 (25)	11 (28)	12 (30.5)	IN (cm)
	XS	S	M	L	XL	XXL	XXXL	US SIZE
	6	7	8	9	10	11	12	EU SIZE

The measurement that follows the right side of your hand is your approximate glove size. This is a general guide only.
