

## UK LAW ENFORCEMENT VISUAL LANGUAGE TRANSLATOR

- Fits into your pocket - The size of your passport!
- Ask yourself how many times you have struggled to obtain information or offer on the spot help and advice to victims of crime? Niton has the answer. A simple and effective way to communicate with anyone regardless of language by simply pointing to pictures.

Assists law enforcement officers in communicating with the non-English speaking community. Allows instant communication by pointing to a picture symbol to request and receive key information about assault, car crash, driving whilst intoxicated, searches and missing child among other situations. This provides for improved emergency response, evidence collection and community relations.

With Kwikpoint in your pocket you can break through any language barrier. Can't speak the language? Just point to the icons on this handy card and you'll be instantly understood.

The Law Enforcement VLT supports law enforcement operations and contains content for situations including: Theft of property, Vandalism, Traffic stops, Car accidents, Sexual crimes, Missing children and Suspect identification.

Unfolded size 19" by 11". Printed on waterproof tear resistant synthetic stock.

**5 STAR REVIEW:** "I'm in a job where i have to handle all sorts of items and people and sometimes you just need to know your hands are clean. I've always used alcohol hand wash before now but i thought I'd give this new item a go. My issue with the alcohol hand wash was that once you've cleaned your hands, if you then handle something else you have to start all over again and wash your hands again. Knowing that this item keeps on working after I've sprayed my hands gives me a great peace of mind. Its also a lot quicker at drying than the alcohol hand wash so I'm not walking around waving my hands to dry them completely after washing them. A fantastic product and one I'd recommend to anyone!!!"
