5 STAR REVIEW: "I bought two pairs of these three years ago and I am still using the same pairs that I bought! The material

is a heavy duty cotton, which make them good for the winter months, but are also light enough to stop you sweating too much in the summer. They are comfortable and durable and the stitching is tough enough to withstand a lot of wear and tear. I cannot fault them and would recommend to anyone in law enforcement/security."

SECURITY UNIFORM.
MAKE YOUR FIRST IMPRESSION COUNT**

ABOUT US:

The Company: Niton Equipment is a family owned and managed business. The directors have 17 years experience supplying products to law enforcement and security professionals. We don't compromise on quality or customer service. Niton Equipment is committed to maintaining high standards whilst keeping costs under control.

Sales Team: Our sales team are committed to helping you find the right product at the right price. Niton Equipment is able to build long lasting relationships, because we are able to consistently respond to your needs.

We keep over 3500 products in stock to ensure a fast delivery. Order before 4pm Monday to Friday and receive your goods the next working day. If we don't have something in the colour or size you want, ask our sales team about our special order service. Satisfied customers are the foundation of the success of Niton Equipment.

Design, Innovation & Customised Enhancements:

We are proud to be able to personalise your uniform and equipment in-house. Choose from our large stock of badges, or have your own design made. We have the capabilities to embroider, print or heat-seal your logo onto any garment. We also offer tax tabbing.

The Niton Design Team are here to help you devise a brand that sets you apart from everyone else. They can source and manufacture clothing and equipment to your requirements, and they can also advise on customised logos and colours (minimum orders may apply). The priority of our design team is to create quality products which are comfortable, durable and to your specifications.

Make that all-important first impression count! Renowned for quality and service, Niton999 has a comprehensive range of law enforcement uniform and accessories available in stock. With customisation costing as little as £5, it's affordable too! Give your company the edge - Whether you're an individual officer or a large security team, only Niton999 gives you everything you need.

OUR SERVICES INCLUDE:

- ONE STOP SHOP
- SECURE ONLINE ORDERING
- NO MINIMUM ORDER
- STOCK SUPPORT
- COMPETITIVE PRICING
- SAMPLE SERVICE
- CUSTOMISED DESIGN
- STOCK LOGOS
- 24 HOUR TURNAROUND

Q. Why do so many organisations trust Niton Equipment with the supply of their clothing and equipment?

A. Because of our professional service.

They know we can deliver their orders whenever and wherever they need them.

We know that customers often need items urgently, and with over 3500 product lines in stock we can provide them. We offer same day local deliveries and next day national deliveries to ensure you get everything you need as soon as possible.

Niton Equipment supplies uniform and equipment to many different business sectors, including Police, Local Authorities, Corporate, & Private Security and NHS & Private Paramedics and Ambulance Services. We have a wealth of experience in managing the complex uniform needs of our customers. We can enhance your image and help you distinguish yourself in a competitive market.

If you need a smart, professional look for retail security, dog handlers, personal protection, event security, office work - or any other kind of uniform - we can provide it.

At Niton Equipment we ensure you receive the highest quality clothing at a price to suit your budget. You can choose from our own exclusive range, named brands or custom manufactured products. We can advise you on everything from footwear to high visibility clothing, body armour to torches, caps to ties!

To make ordering efficient and convenient you can order online, by fax or over the phone. Your dedicated account manager will then take care of everything for you. We highly recommend viewing our website, www.niton999.co.uk, so you can see for yourself our vast range of products. Contact us today to find out how our services can benefit you.

5 SIMPLE STEPS

PROFESSIONAL, AFFORDABLE UNIFORM

STEP 1:

- Choose the image that is best for you. Office based: a crisp white shirt can give you the right impression. If you are a dog handler, then traditional blue shirt and trousers can work best.
- Footwear - Shoes or boots, 6" or 8" it's your choice and we hold them all in stock.
- Don't forget to check if you require safety footwear. We hold a large range of safety boots and shoes, all conforming to EN345. We also offer a full range of fully waterproof footwear - to suit your officers' needs.

STEP 5

- Once you've chosen your uniform, that's it - just fill in the size chart, and fax or email it through!
 - Within 24 hours* each and every officer will receive their personal officer pack - complete with FREE kit bag.
- * Stock / customisation dependent. Minimum order quantity applies to free bag.

STEP 2:

- Kit - all officers need to carry some form of equipment, from pocket books to handcuffs. We can offer a solution to suit their requirements.
- We offer a complete belt rig, including Belt and 7 pouches for as little as £30.00 (NB001) - Or if your officers have to carry important paperwork, take down registrations or just record lost property, we have a carrying solution. A Niton Basics A4 Companion for under £30.00 (NB003) - keeps all of your documentation safe and secure.

STEP 3:

- Indoors or out, summer or winter - you will need waterproof or high visibility clothing for your officers. From as little as £5.00 we can offer a solution.
- Basic high visibility vests, to fully waterproof Gortex® jackets, we have them all. All are guaranteed to comply to the EN471 high visibility requirements.
- For just £5.00 why not add a stock logo - we'll apply it for free.

STEP 4:

- Why not cap it off - with a traditional uniform cap or baseball cap. Get that professional look for less than you thought!
- Customisation available.

UNIFORM SERVICES ARE GOOD FOR BUSINESS!

The professional image created by a well co-ordinated uniform can benefit all aspects of your business; from employee morale, safety and security, and of course your finances!

Enhance Your Image

It is a well known fact that consumers and businesses have more confidence in companies whose staff wear a uniform.

If your employees wear a uniform that looks good and keeps them safe, this will have a positive impact on their attitude and morale. If they feel confident, professional and at ease, your customers will respond accordingly.

Your uniform reflects your brand, and is one of the most cost effective ways to promote your company. The first impression created by uniformed staff will have a greater impact on a customer than any ad campaign.

SAFETY FIRST

Uniforms made from the right materials and designed for a specific purpose will safeguard you and your employees. The right uniform can:

- Protect your own clothing and equipment
- Protect you from contaminants, pathogens and hazardous materials
- Protect you from flame, fire, arc flash and electric shock
- Prevent clothing from getting caught in equipment and machinery

Making employees easily identifiable with a uniform programme will also increase security in the workplace – and give your customers peace of mind.

Niton Equipment can assign you an experienced team to ensure you have a uniform programme that works for you. We can handle the planning and administration, including workplace assessments, repairs, delivery and inventory control. All you need to do is take the first step – and schedule a free consultation and assessment.

QUANTITY DISCOUNTS

NITON999 will always offer you the best possible price to meet your budget requirements.

All prices on our website are for single unit purchases, but we do offer discounts on quantity or orders with multiple items. We will look at each enquiry individually and put together the most competitive quotation possible.

For a free quotation email your requirements to:

sales@niton999.co.uk

We will do our best to respond with a full quotation, usually within 24 hours. Our quotes are without obligation, and once we have submitted the quote to you we will not hassle you or bombard you, with unwanted information - we do not pressure sell!

PRINTING & EMBROIDERY

Every garment in our uniform range can be customised to suit your requirements for as little as £5.00!

We have a comprehensive range of embroidered and reflective badges and logos in stock for you to choose from. If you need your corporate logo or specialist text applied, take advantage of our design service and have something created exclusively for you!

Printing:

We offer several methods of printing, including the highest standards in heat applied transfers and digital prints. Our stock logos are applied FREE of charge.

Prices are calculated on the size, quantity, number of colours and text required.

Embroidery:

We can either embroider onto badges or directly onto the garments.

Costs are based on stitch count, size, quantity and text.

Free Artwork Proofs:

All designs will be checked and approved before you decide whether to go ahead with an order.

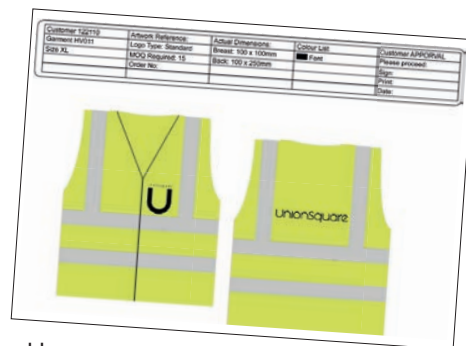

Set up fees are often free or at minimal cost. We will never go ahead

without your approval.

Customised logos are usually delivered within 14 – 28 days of the artwork being approved.

Free Quotation:

For more information about customising your uniform and a free no obligation quote, contact studio@niton999.co.uk. Just let us know which garments you require, the details of the logo (either one of our stock logos or your own customised logo), and where it should be applied. We will respond with a quote and lead time, usually within 24 hours.

BODY ARMOUR

Body armour is an essential tool when protecting your staff against the rising instances of violence against Security and NHS staff, and many other service providers. We offer a FREE advice service to ensure you get the protection you need. As we have a selection of armour plates and different covers in stock we can supply within 24 hours!

Our armour is available with 4 levels of protection, from anti-spike to anti-ballistic. It is also certified to the highest safety standards in Europe, being HOSDB approved and CE marked (current requirements are that security officers and civilians should only wear CE marked armour, and Niton Equipment can supply a full range of CE marked armour).

For more information on body armour or a detailed size chart, contact our armour specialist on **charity@niton999.co.uk**
