

## SOFT SHELL PATROL JACKET

- Great for everyday wear our lightweight soft shell fabric offers maximum comfort and movement, but also will offer warmth and breathability.
  - Ideal for wearing either over or under your body armour and uniform. We have selected stretch fabric to offer you maximum comfort and movement, but also will offer warmth and breathability.
- Designed to offer a sleek, trim fit with low-profile pockets for fast and easy access to the gear you need.
- Our soft shell jacket is ideal for everyday wear - stylish and comfortable it is ideal for both on and off duty. Soft shell outer offers great wind proofing and warmth paired with a super fine fleece lining for less bulk but great insulation and breathability.

**Code NT31007 Black**

**Code NT31008 Sand**

## UNIFORM FLEECE

### NATIONAL UNIFORM FLEECE

- Waist length Gore Windstoppa Tornado fleece
- Wind & Water resistant - Genuine Police issue
- High collar, two front pockets and YKK zips. Features include: blue & silver chequered tape, radio loops, 'ClickFast' attachments, epaulettes and pen pockets on both arms. Colour: Black.

**Code CG104**

### UNIFORM FLEECE

**Need a jacket to fit every officer on your team?  
In stock from a Extra Small up to Three Extra  
Large and Up to Extra Tall (6ft 8")**

**5 STAR REVIEW:** "I bought one of these a couple of weeks ago and it's been great! The weather is not too cold but still not warm enough to venture out without an extra layer. My old coat was more of a winter coat and was too hot, this fleece is perfect and pretty waterproof. The badge slots come in handy as well. Its got huge pockets, which is really handy and the badges are easy to insert and remove. Brilliant product."

- Waist length Gore Windstoppa Tornado fleece
- Wind & Water resistant
- Comes with clear pockets for your own logo (Search "GP" on our website to view the complete range of logos available). Made to Police specification. High collar, two front pockets and YKK zips. Features include: Radio loops, epaulettes and pen pockets on both arms. Sizes: Regular, Tall Or Extra Tall lengths. Colour: Black.

**Code CG107**

## MISSION 5 JACKET

### NITON TACTICAL™ MISSION 5 JACKET

Waterproof and breathable outer jacket can be worn separately or with the fleece liner. The fleece liner has removable sleeves, and it can be worn separately so you have five different ways to stay comfortable in changing weather conditions. The outer jacket has concealed ID panels that are easily exposed. Removable epaulettes give you added versatility for deployment. We've added side zippers to provide easy access to your duty equipment. We use only high quality YKK® zippers and the best snaps for our Jacket. The concealed pull down ID panels can be displayed (badges available separately) so you will be clearly identified. The detachable hood is specifically designed to keep water off of your face and head and is fully adjustable with quality elastic cording and cinch locks.

Zip in fleece liner with removable sleeves creates 5 wearing options:

- Outer light weight waterproof jacket.
- Add the fleece without the sleeves for extra core warmth.
- Add the fleece with the sleeves for maximum warmth in the most challenging weather conditions.
- Wear the Fleece on its own for a smart on or off duty look.
- Wear the fleece without the sleeves for a casual body warmer.

Colour: Black. Sizes: Small to XX Large. LOGO NOT INCLUDED

**Code TAC19**

Stow-away removable hood.

Removable Button Epaulettes.

Concealed pull down Airwave clip on left breast.

Concealed pull out ID holder in on the right breast & back.

Double chest pockets, ideal for documents

Elasticated waist with side zipper - For ventilation & easy access to your belt equipment.

**DESIGNED EXCLUSIVELY FOR THE UK ENFORCEMENT OFFICER**

PLEASE NOTE THAT THIS GARMENT IS ONLY WATER-RESISTANT. IT IS MADE FROM WATERPROOF MATERIAL BUT DOES NOT HAVE TAPED SEAMS.

Colour: Black. Sizes X Small - XX Large.

**Code CG102**

**5 STAR REVIEW:** "Bought this jacket and have been very pleased with it. It has lots of pockets for storage which allows you to separate your kit out to different locations so you don't need to rummage. The material and construction quality is great. It is windproof and I personally like the high collar so I can get tucked in to it, which together keeps you very warm. From a practical point it is brilliant."

The only dropped marks are for the sizing as it does come up bigger than it should. I normally order XL so it seems unnatural to order a medium. But that said it is supposed to be a big jacket with room for manoeuvre as it can go over a stab vest or other top. Just ignore the label and read the size guide to order the one you actually need (a detailed one is provided.)"

Choosing the right size for your SAS jacket, please use the measurements below. (Measurements are for Chest)

## HIGH VISIBILITY

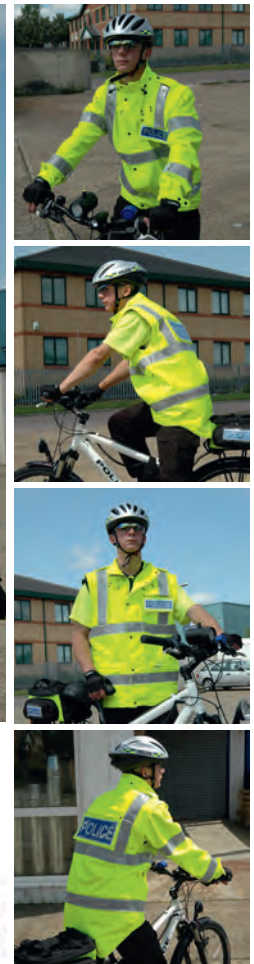

### FLEXOTHANE® 5 IN 1 CYCLE JACKET

- EN471 (1994) Class 3 & ENV 343 Class 3 fully waterproof & breathable
- Features: Removable fleece lining, removable sleeves and hood, drop tail for extra protection from wet weather. Three zippered pockets on tail, ideal for pocket notebooks and other essential items. Two front pockets, one arm pocket, adjustable cuffs, waist adjustments and concealable logo pockets. Temperature control ventilation zips in body and arms. Our bike jackets are in service with many Bike Patrol Units, based upon feedback, we have created, probably the most versatile jacket on the market.

Sizes: Small - XX Large.

**Code BIKE001.1**

### FLEXOTHANE® PARKER

- Waterproof, windproof, high visibility jacket with removable fleece lining
  - Radio loops, Two front pockets, phone pocket, detachable epaulettes and fully tapered waist
- Clear pouches on front & rear for reflective badges. Made from Flexothane material using a SDS technical lining with the added comfort of a zip out fleece lining. This jacket is made to the highest specification. It is fully waterproof with zip and press stud closure storm flaps. Sizes: Medium - XX Large.

**Code CG025**

### FLEXOTHANE® TWO-TONE PARKER

- Waterproof, windproof, breathable, resistant to grease and fuel, easily cleaned.
  - Cuff pull backs, adjustable waist, radio loops, two front pockets and clear pockets for logos on chest and back. Map and side pockets
- Using specialised inter-active materials, with intelligent garment design results in jackets that are waterproof, breathable, lightweight and comply to all required EN471 standards.

Sizes Medium - XX Large.

**Code HV015**

## WHAT IS FLEXOTHANE®?

**Flexothane®** is a revolutionary Polyurethane coating on a knitted fabric. Essential to the waterproof, wind and cold resistant performance of our Flexothane® outer wear, every detail of design and finish has been studied and tested extensively. Flexothane garments are high frequency welded ensuring maximum waterproofing.

Thanks to years of R & D, Flexothane® has an elasticity and tear strength without comparison in the market. Anyone who tries, will find that it is extremely difficult to puncture Flexothane®. If, however, a sharp object would manage to do so, the unbeatable tear strength makes it very hard to enlarge the hole. Furthermore, Flexothane® is air permeable and behaves more like traditional breathable material. The knitted fabric absorbs perspiration avoiding that clammy feeling which might turn your working day into a bad experience! Flexothane® is also 150 % stretchable and feather light (up to 50 % lighter than conventional outer wear): the ultimate comfort under all weather circumstances! Wearing a Flexothane® outfit, your freedom of movement remains totally unrestricted.

Flexothane® is machine washable (without compromising on waterproofing) and can easily be folded away without losing its original shape.

## EN471:2003 High visibility - As easy as

High Visibility Clothing is an essential part of the Personal Protective Equipment (PPE) for anyone working near roads, motorways or traffic generally. Niton999 only offers high visibility clothing that conforms to EN471. This is available in 3 levels - Class 1, Class 2 and Class 3 to suit all Health and Safety applications. It helps to maintain your visibility in hazardous situations in all light condition. There are just 3 levels of reflective standards and we have listed the basic requirements below;

### Class 1: Minimum

Minimum level of protection. Ideal for any person working at off road events, festivals and general security uses.

### Class 2: Intermediate

Medium level of reflectivity - required for any person working on or near A and B roads with a speed limit of less than 40mph. Including delivery drivers, event security and general security tasks that involves working close to any roads.

### Class 3: Highest

Highest level of protection - required for any person working on or near motorways, dual carriage ways, airports and any other roads with a speed limit of 40mph +.

So that's it... as easy as 1,2,3!  
If you are confused, don't worry - give us a ring and ask for some advice - we are happy to help.

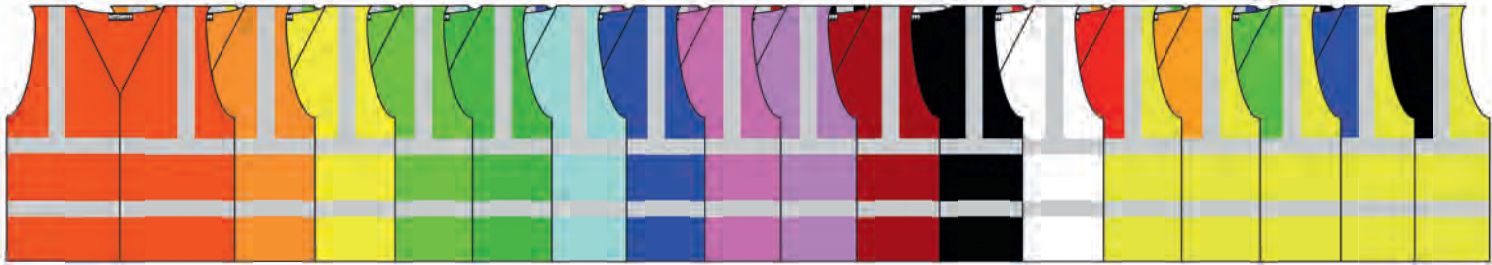

Standards:  
EN471:2003 (High-visibility warning clothing for professional use)  
EN471:1994 has been superseded by EN471: 2003  
This revised standard is intended to encompass all previous 1994 requirements while allowing for more "Corporate" styling without reducing personal safety.

Garments tested to EN471: 1994 can continue to be sold, however any new designs must be tested to the revised standard.

## SPECIAL ORDER MAJOR INCIDENT MULTI COLOUR VESTS

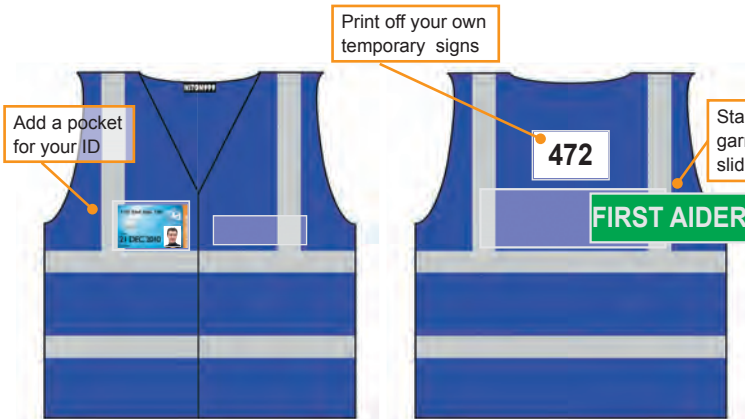

### EXAMPLES OF PRINTING AVAILABLE

Use our standard stock logos on reflective backgrounds, add as many as you need.

Or choose your own colour and text. You can even add your call sign with reflective numbers.

Or just choose your colour vest and use the clear ID pockets that are available in 3 sizes from stock. Just print of your own call sign or use the reflective encapsulated logos - they just slide straight in.

Instantly identify all members of staff depending on their roll during a major incident or just get your staff to stand out from the crowd.

- Ideal for those who require other colours, apart from the standard Yellow & Orange.
- All garments can have clear pockets attached or printed with your requirements
- 100% Polyester
- Velcro Front Fastening
- 50mm Reflective Banding
- Available in Small - 2X Large.
- Colours available; Red, Orange\*, Yellow\*, Pink, Purple, Lime Green, Bottle Green, Sky Blue, Dark Blue, White or Black.

Two Tone also available in the following colour ways; Red/Yellow\*, Orange/Yellow\*, Green/Yellow\*, Blue/Yellow\* or Black/Yellow\*.

IMPORTANT : Please note that only the Yellow and Orange Vest comply to BSEN 471(Marked with \*). All other colours are NOT BS EN 471 approved.

**We can even design them for you!**

Just give Phillipa a ring to discuss your requirements or email [phillipa@niton999.co.uk](mailto:phillipa@niton999.co.uk)

Minimum order quantity applies.

PLEASE NOTE THAT THESE COLOURS ARE ONLY AVAILABLE TO SPECIAL ORDER. THE COLOURS SHOWN ARE ONLY A REPRESENTATION OF THE COLOURS AVAILABLE. SPECIAL ORDERS CANNOT BE RETURNED UNLESS FAULTY.
