ULTRA KIMONO BITE SUIT

• Reduce fatigue with this lightweight and flexible bite suit. Perfect for dog's trained in KNPV.

These bite suits are excellent for training Dutch KNPV trained dogs and experienced decoys. Special attention is given to the armpit and upper arm areas to provide world class protection as well as a very generous bite surface for the K-9 in training. High-back and chest bites can be taken with confidence. All of our Ultra Kimono Bite Suits feature flexible arm and knee construction to allow for extreme range of motion. Unique design hides closures and gussets, preventing tooth damage. If you require a little more protection, the Ultra Kimono Bite Suit Police Package is the bite suit for you. The features of the Police Package are the same as the Ray Allen Ultra Kimono Bite Suit but include additional quilting and padding in the jacket and arms for more durability and protection. Plus, the Pant Zipper Option is included.

Special Order Please Call for details.

BASIC TRAINING COMPRESSION BITE BAR

- A Training Sleeve with the safety of the dog in mind!
 - Made of many of the same components in our Ultra-Light Hard Sleeves
- Compression bite-bar to promote full-mouth bites. For use with intermediate to adult dogs. Use with 64 Series Cuffs. Please specify right or left arm

Code RABT50. R/L

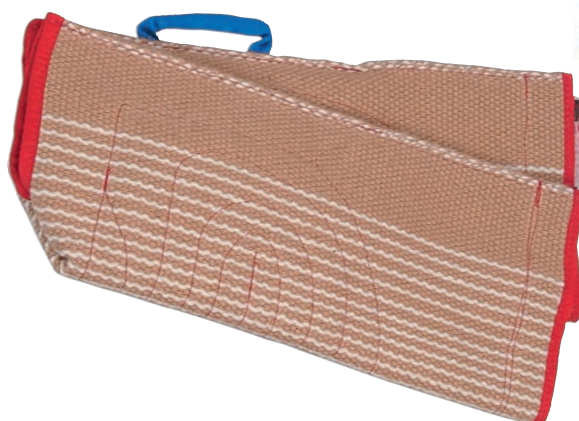

INTERMEDIATE SLEEVE 30C

- Protects against upper arm bites
- Perfect for the young or green dog
- Lower bite-surface replacement available

We love this sleeve for its adaptability to such a wide range of dogs. The bite area extends from the wrist all the way to the elbow. We incorporate a very comfortable bite bar along with a the most user friendly barrel money can buy. Now the trainer can work dogs from intermediate all the way to advanced without having to pull out a different sleeve. The lower portion is user replaceable to save you money. QUICK RELEASE GRASPERS

- Spring loaded latches to enable release for the lanyard & twist action locks
- Essential piece of equipment for anyone involved in animal control and welfare particularly when dealing with dogs.

Positive and effective way to catch a stray dog, to rescue a dog which is trapped and distressed or to deal safely and humanely with a dog which is hostile or vicious. In these and other situations the animal can be seized and restrained from a safe distance. Just place the loop around the dog's neck, pull the cable to tighten the grasper; it will then instantly lock in the required position. The quick release grasper is manufactured from aluminium with plastic covered braided steel lanyard.

Available in 4 sizes: Size 1: 28" (72cm), Size 2: 36" (92cm), Size 3: 48" (122cm), Size 4: 60" (153cm).
