## NITON TACTICAL™ COPTOOL

ACTUAL SIZE

18+

NEW

Our collaboration with Triple Eight Professional has delivered a tool suitable for UK law enforcement officers. The Niton Tactical™ Cop Tool by Triple Eight Professional is small and compact, yet extremely effective. It fills a niche for a versatile tool that handles a range of tasks that a law enforcement officer may come across in the course of their duties.

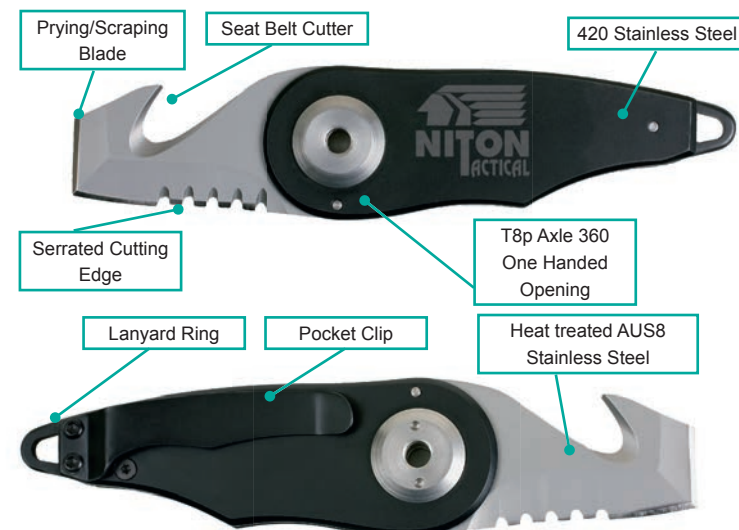

• Measuring only 4.35 long when open, its one of the smallest, strongest and lightest pocket tools in the world.

• This tool features patent pending T8P Axle design which allows for 360 degree one-handed operation, delivering virtually the same leverage and strength as a large fixed blade tool.

• The seat belt/line cutter, prying/scraping blade and serious serrated cutting edge puts big tool power in a tiny package.

• The slim-line pocket clip assures a steady rest in a pocket or when clipped in a pouch or waist band, always ready for emergency use.

## NITON DELUXE BUDDY BAG

- The NEW Niton Tactical Buddy bag now includes Molle attachments so you can quickly and easily add as many additional pouches as you require, and a zip down front compartment for document and stationery storage.

The main lid closes with side release buckles, and all the pouches and compartments have Velcro or zippered closures for security. The grab handles and shoulder strap means that the bag is easy to transport and carry.

The Companion Compartment - A zippered compartment on the lid of the bag, specifically designed to take your traffic or ticket companions (39 x 17cm)

The Main Compartment - Includes a removable divider with pen pockets so you can organise your kit and uniform - and stop your lunch getting squashed (42L x 28H x 20Dcm)

The Side Pockets - The two removable pouches with Molle attachments are easy to transfer. For example, store first aid supplies in one of the pouches then in an emergency you can quickly remove just the pouch rather than hauling the whole bag (25H x 40W x 5Dcm)

The Front Pockets - The zippered pocket has Molle attachments inside and out, and contains compartments for documents, pens, radio or phone etc (21H x 13W x 4Dcm). The Molle pouch has a clear panel for ID or company logo (19H x 13W x 4Dcm)

The Tactical Deluxe Buddy has a Velcro patch on the lid and clear panel on the front so you can clearly display your ID or company logo as and when required. The Molle attachments mean you can add, remove or reconfigure pouches to suit your operational needs.

## GREAT BRITISH BEARS

Soft enough to cuddle...  
Tough enough to last a life time.

First commissioned by the Metropolitan Police in 2007 the Official Metropolitan Police Teddy Bear was produced to support of the charity Child Victims of Crime. Sold through Hamley's it Raising a total of £30,000.

These Teddy Bears are made to be played with and we are creating characters that will inspire children to play and enthusiasts to collect. Each bear comes with their own accessories, the Bobby's now have leatherette warrant cards containing their photo and die cast metal badge. Sherlock has a calabash pipe and a real magnifying glass.

Each accessory is attached to the bear with an elastic loop to allow easy removal and replacement during play. Each teddy bear is fully articulated and each seam has been double stitched by a team of expert seamstresses.

Soft enough to cuddle and strong enough to last a life time a Great British Teddy Bear will be part of your family for generations.

### PARACORD SURVIVAL BRACELET

**NEW**

- Show you belong by wearing our special survival bracelets on or off duty. These bracelets are comfortable to wear and have a neat two tone effect. Paracord is really strong and was originally used in the suspension lines of US parachutes in WWII. The cord used in paracord bracelets has a minimum breaking strength of 250kg. It is waterproof, rot proof and can be easily unravelled to assist in emergency situations. The cord can be used for anything requiring great strength and durability. The core contains 7 removable inner strands that can be used for fishing line, bow string, sewing thread, tripwire, nets, traps and other emergency or survival situations.

Each bracelet holds roughly 8 feet of 550 paracord.
