SAFARILAND

Together, We Save Lives.™

TACTICAL ARMOR PLATES

SPECIAL THREATS

We've created an extensive range of tactical plates designed to increase your protection with virtually any vest configuration or threat. Our new line of 10" x 12" single- and multi-curve rifle plates are NIJ 01010.06 certified and are available in an aggressive, military-style shooter's cut for added mobility and comfort.

LEVEL III MULTI-CURVE
Model 2113MC-3

LEVEL III MULTI-CURVE
Model 2120-5

LEVEL IV MULTI-CURVE
Model 2220-1

LEVEL IV SINGLE-CURVE
Model 2115G

6" X 6" MINI SIDE PLATE
PLT-III-SP-SC-6x6

6" X 6" MINI SIDE PLATE
PLT-IV-2220-6x6

IMPAC SPECIAL THREAT PLATES

IMPAC-HT (HANDGUN THREAT) • IMPAC-RT (RIFLE THREAT) • IMPAC-MT (MULTI-THREAT) • IMPAC-CT (CORRECTIONS THREAT)
5" x 7" SHORTER TORSO LENGTHS • 5" x 8" STANDARD OFFERING
7" x 9" EXPANDED TORSO PROTECTION • 10" x 12" ADVANCED, SHOOTER'S CUT

TAC PR

FIRST RESPONDER

Our TAC PR (Plate Rack) makes it simple to add front, rear or side plate protection. A favorite for waterborne operations and first responders, the TAC PR features superb adjustability and the versatility of a full MOLLE attachment system.

TAC LB

FIRST RESPONDER

Our TAC LB (Load Bearing) vest is a modular load-bearing system with the ability to incorporate either full size, 10" x 12" rifle plates or our line of IMPAC special threat plates for added protection.

DELTA 4 BOLTLESS

LEVEL IIIA

The new DELTA 4 BOLTLESS helmet eliminates holes in the outer ballistic shell for uncompromised ballistic and impact protection.

DELTA 4

LEVEL IIIA

The DELTA 4 helmet combines an ergonomically contoured style with an upgraded four-point adjustable suspension system, shock-absorbing foam padding and a floating mesh crown for increased air circulation.

DELTA 4 LT

LEVEL IIIA

Ultra-light, high-tenacity aramid/polyethylene materials make the DELTA 4 LT helmet lighter than most traditional IIIA helmets on the market today. The sleek contoured design easily accommodates night vision goggles (NVGs), communication systems and gas masks. The low-profile cut of the Delta 4 LT won't interfere with tactical vest collars and offers added mobility with a greater field of vision.

PASGT

LEVEL IIIA

The PROTECH Tactical PASGT (Personal Armor System Ground Troops) helmet provides full coverage with high-performance, multi-layered aramid construction.

FAV TACTICAL PLATFORM

FAV

HIGH SPEED

The first of its kind, the federally approved FAV hybrid vest bridges the gap between tactical and concealable body armor with the ability to be deployed in three unique carrier configurations while using the same level IIIA ballistics.

- Unique, adjustable MOLLE closure system gives you enhanced adjustability and fit
- Modular pouch attachment system gives you 360° usability
- Carrier features six built-in, long-arm magazine pouches (shown)
- MOLLE pouch attachment system provides a 360° platform
- External front and back 10" x 12" plate pockets
- Internal 6" x 6" plate pockets
- Full front, back and overlapping sides give you 360° protection
- Comfortable Diamond Ripstop nylon interior carrier
- Rugged 1,000-denier Cordura® exterior carrier for long-lasting wear
- Removable groin protection system
- Integrated mic tabs keep wires secure and out of the way
- Reinforced, heavy-duty rescue strap
- Velcro® ID attachment system
- Removable shoulder-mounted accessory attachment platform
- Internal cummerbund for added comfort
- Removable NIJ Level IIIA ballistic panels
- Black, tactical green, digital woodland, navy, ranger green, khaki, MultiCam®, digital urban camo and ACU

FAV LP

LOW PROFILE

- External front and back plate pockets
- Removable, 6" x 6" hard armor plate side pockets
- Adjustable shoulders with integrated mic tabs
- Velcro ID attachment system
- Removable NIJ level IIIA ballistic panels
- Durable Velcro® fastening system
- Black, tactical green, digital woodland, navy, ranger green, khaki, MultiCam® and ACU

FAV LV

LOW VISIBILITY

- Internal front and back plate pockets for added protection in a low visibility configuration
- Removable, 6" x 6" hard armor plate side pockets
- Adjustable shoulders with integrated mic tabs
- 8" elastic side-closure system
- Removable NIJ level IIIA ballistic panels
- Black, navy, khaki

PROTECH
TACTICAL

TITAN ASSAULT

Designed to offer high-risk entry teams maximum mobility and the ability to build protection and coverage required for specific applications, the Titan Assault offers detachable yoke, groin and bicep protection.

- Unique, adjustable MOLLE closure system gives you enhanced adjustability and fit
- Mini side plate (MSP) protection available
- Full front, back and overlapping sides give you 360° protection
- Comfortable Diamond Ripstop nylon interior carrier
- Rugged 1,000-denier Cordura® exterior carrier for long-lasting wear
- Pull-down groin attachment system
- Front and back plate pockets let you customize/upgrade protection
- Integrated mic tabs keep wires secure and out of the way
- Reinforced, heavy-duty rescue strap
- Velcro® ID attachment system
- Internal cummerbund
- Removable NIJ Level IIIA ballistic panels
- Black, tactical green, digital woodland, navy, ranger green, khaki, MultiCam®, digital urban camo and ACU

INTRUDER HS

LEVEL IIIA

The Intruder HS combines 30 years of advanced ballistic technology and experience with a rugged, state-of-the-art molded design. It offers maximum coverage and high-speed maneuverability.

FIRST RESPONDER

LEVEL IIIA

The new First Responder Shield from PROTECH® was designed from the ground up to meet the unique needs of the first responder. It offers the protection you need, and it works the way you work. Compact enough to fit in the trunk of a patrol cruiser, the First Responder allows you to accomplish your mission safely and effectively with enhanced cover and uncompromised mobility.

ENTRY I & II

LEVEL IIIA

Choose the large one or choose the smaller one, and you'll be choosing a superb NIJ Level IIIA shield featuring a curved rectangular design for additional protection against angle shots.

TAC 6 PLUS™ HP

MAXIMUM COVERAGE

The TAC 6 Plus™ HP is a fully adjustable maximum coverage vest with an easy-access, side-opening design.

- Full front, back and overlapping sides give you 360° protection
- Diamond Ripstop nylon interior carrier
- Rugged 1,000-denier Cordura® exterior carrier for long-lasting wear
- Pull-down groin attachment system for added protection
- Front and back plate pockets let you customize/upgrade protection
- Integrated mic tabs keep wires secure and out of the way
- Reinforced, heavy-duty rescue strap
- Velcro® ID attachment system
- Internal cummerbund for added comfort
- Removable NIJ Level IIIA ballistic panels
- Black, tactical green, digital woodland, navy, ranger green, khaki, MultiCam®, digital urban camo and ACU

BODY BUNKER

LEVEL IIIA

So well-known that its name is often used in place of "ballistic shield," Body Bunker® provides solid protection during high-risk entries.

ASSAULT I, II, III

LEVEL III

The ASSAULT shields are ideal for operations that must be carried out in tight quarters and require high-powered rifle protection.

NATO & NATO ENHANCED*

*enhanced for special threats

LEVEL III

Features a curved rectangular design for increased Level III protection and freestanding capability. In addition to the NATO III, all NATO Enhanced model shields are specifically designed to defeat the 7.62 x 39 mild steel core round.
